

F16

Blaser

The **NEW** shotgun class

F16

Passionate about perfection – The next generation of game and competition shotguns has arrived with the introduction of the new Blaser F16. Only through the restless pursuit of perfection is it possible to cre-

ate a perfectly balanced over and under shotgun with the lowest profile action on the market. Performance and reliability are of the utmost importance and can only be attributed to the quality of materials used,

individual craftsmanship and state of the art manufacturing technologies all packaged with an affordable price.

BEST POINTABILITY

The lowest profile receiver on the market provides an exceptionally low centre of gravity for the shotgun. Its outstanding balance and the noticeable pointability immediately lead to better shooting.

FUNCTIONAL DESIGN

The elegant “Semi Round Body” action makes the F16 a dynamic companion. The forearm highlights the design of the gun perfectly and hides the functional elements – leaving the hand of the shooter to solely feel the delicate checkering as well as the noble haptics of the wood.

FASTER SHOOTING

The thought impulse to ignition is rapidly implemented due to the impressively crisp trigger and the very fast lock time. The newly developed tapered rib supports the peripheral vision of the shooter and enhances quick target acquisition.

EXTREMELY DURABLE

The innovative monocoque action which boasts a superb surface finish, high-strength materials and further technological innovations are the best prerequisites for a durable and long-lasting shotgun.

RELIABLE IN EVERY SITUATION

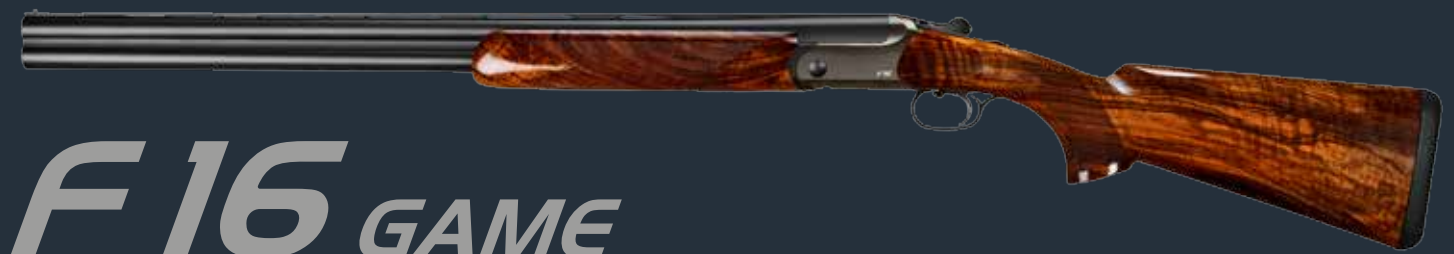

The Blaser Inertial Block System (IBS®) adds to shooter safety and comfort by preventing the ability for the shotgun to fan fire or double. The proven Ejection Ball System (EBS®) cocks the ejectors only when the shot is fired and are not under tension after ejecting the cases. This leads to unlimited durability and consistent ejection force.

CONCENTRATING ON THE ESSENTIALS

The EBS® has another distinct advantage: shooter comfort is paramount so why would you want to force your gun closed to cock the ejectors? So relax shoot a Blaser and concentrate on what is really important, which is hitting the next target! Weather in the field or on the course the F16 is up to the challenge.

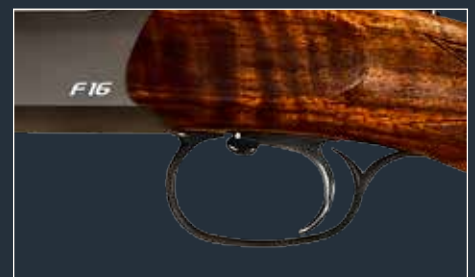

Left-handed stock and adjustable comb are in preparation.

F16 GAME

FOREARM	English Style	
LENGTH OF PULL	375 mm (14 3/4") incl. rubber recoil pad	
DROP	Standard	38/56 mm (Game stock)
	Optional	38/50 mm (Sporting stock)
CAST	3/6/8 mm (0.12" / 0.24" / 0.32")	
PITCH	84°	
WOOD GRADE	Standard	2
	Optional (surcharge)	3 and 4
RECOIL PAD	Blaser Comfort Recoil Pad	
ACTION	"Gun Metal Grey" with silver coloured F16 logo	
TRIGGER PULL	1,650 g (3.6 lb)	
BARREL SELECTOR	Selection of desired shot sequence, positioned within easy reach in front of the trigger	
GAUGE	12/76	
BARREL	71 cm or 76 cm (28" or 30")	
SIGHTS	3 mm (0.12") nickel silver front bead tapered rib from 9.0 mm to 7.5 mm (0.35" to 0.30")	
CHOKES	Blaser Chokes flush to muzzle 1/4, 1/2, 3/4 (standard). Additional Blaser Chokes flush to muzzle (Cylinder up to 1/1) as well as Briley Spectrum Chokes extended (Skeet up to 3/4) available at surcharge	
PROOF	Magnum proof with additional steel proofing	
BALANCER	Stock balancer (optional, surcharge)	
WEIGHT	From approx. 3.1 kg (6.8 lb)	
ACCESSORIES	Incl. gun case	
	Sling swivel included but not mounted	
PRICE	From \$ 3,795	

F16 SPORTING

FOREARM	English Style	
LENGTH OF PULL	375 mm (14 3/4") incl. rubber recoil pad	
DROP	Standard	38/50 mm (Sporting stock)
	Optional	38/56 mm (Game stock)
CAST	3/6/8 mm (0.12" / 0.24" / 0.32")	
PITCH	84°	
WOOD GRADE	Standard	2
	Optional (surcharge)	3 and 4
RECOIL PAD	Blaser Comfort Recoil Pad	
ACTION	"Gun Metal Grey" with red coloured F16 logo	
TRIGGER	Adjustable in length	
TRIGGER PULL	1,650 g (3.6 lb)	
BARREL SELECTOR	Selection of desired shot sequence, positioned within easy reach in front of the trigger	
GAUGE	12/76	
BARREL	76 cm or 81 cm (30" or 32")	
SIGHTS	3 mm (0.12") luminescent red bead tapered rib from 9.0 mm to 7.5 mm (0.35" to 0.30")	
CHOKES	Blaser Chokes flush to muzzle 1/4, 1/2, 3/4 (standard). Additional Blaser Chokes flush to muzzle (Cylinder up to 1/1) as well as Briley Spectrum Chokes extended (Skeet up to 3/4) available at surcharge	
PROOF	Magnum proof with additional steel proofing	
BALANCER	Preparation for barrel balancer (weights not included)	
	Stock balancer	
WEIGHT	Approx. 3.4 – 3.8 kg (7.5 lb – 8.4 lb)	
ACCESSORIES	Incl. gun case	
PRICE	From \$ 4,195	

THE NEW BLASER F16 CLIP

Experience the F16 on the shooting grounds at Dornsberg (Southern Germany). Stunning slow motion video brings the action to life. Please visit www.blaser.de/F16 to see the F16 in action.
